The proposals cannot be sanctioned for financial reasons. Do not see objection to the Trust Bd sanctioning on a scale which does not exceed that sanctioned in Govt? We don't require revision.

It was considered (supra) that the scale sanctioned by Govt and that adopted by the Trust Bd should not differ: (this reason being that it was the State funds that were equally involved in both the cases) and this view has been concurred in by the Members. The Trust Bd however have appeal to the reduced scale only, and a draft order was put up approving. It was then ordered that the scales of the Bd could not be approved & draft (turned) order was therefore put up giving the Staff the benefit of the scale laid down in the Govt. ord. But this has not been approved

It has been represented to me that the allowances proposed are on a lower scale than that sanctioned in the case of the Mussalmans employed by the Port Trust Board in addressing the Europeans

I do not think that in the circumstances mentioned in the letter the Port Trust Board are justified in addressing the Europeans

The allowances proposed may be sanctioned
